## COMPANY PROFILE: AHIFAMBE GRANITE STONES

**"Preserving Memories for Eternity"**

### 1. Executive Summary

**Ahifambe Granite Stones** is a premier South African manufacturing and installation company specializing in high-quality granite tombstones and memorials. Founded by **Millicia Khosa**, the company was established with a singular purpose: to provide families with dignified, durable, and artistically crafted monuments that honor the legacy of their loved ones.

Unlike traditional monumental masons, Ahifambe combines old-world craftsmanship with modern convenience. We offer a seamless digital ordering experience, flexible financial solutions (including lay-by and online payments), and nationwide installation services. We believe that a tombstone is not just a marker, but a final act of love, and we treat every slab of granite with that level of respect.
